Contents continued on the back cover
On publication of a manuscript in IN VIVO, which is a multidisciplinary journal designed to bring together original high quality works and reviews on experimental and clinical biomedial research within the framework of comparative physiology and pathology. The special focus of the journal is the publication of works on: (a) experimental development and application of new diagnostic procedures; (b) pharmacological and toxicological evaluation of new drugs and drug combinations; (c) development and characterization of models for biomedical research.

IN VIVO supports: (a) the establishment and the activities of the INTERNATIONAL INSTITUTE OF ANTICANCER RESEARCH (IIAR, Kapandriti, Attiki, Greece) and (b) the organization of the International Conferences of Anticancer Research.

Publication Data: IN VIVO is published bimonthly. Each annual volume comprises six issues. Annual Author and Subject Indexes are included in the sixth issue of each volume. IN VIVO Vol. 18 (2004) and onwards will appear online with Stanford University HighWire Press from April 2009.

Copyright: On publication of a manuscript in IN VIVO, which is a copyrighted publication, the legal ownership of all published parts of the paper passes from the Author(s) to the Journal.
